

PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., SATURDAY, AUGUST 7, 1897.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No paper is worth more advertising "notices" free any more than a merchant can turn his goods or services into cash or goods or shoes. A newspaper is a journal of record. Its news items and columns are its stock in trade, and advertisements should be put for, no matter what part of the paper they appear.

The Continued Call

upon THE LEDGER for tree notices have become so burdensome that we are forced to publish the following terms:

For Notices of Successes,

obituaries, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, &c. The charge will be FIVE CENTS A LINE, and hereafter it will be the irreversible rule. This, however, does not include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Availability of Disputes,

Misunderstandings are unpleasant. The rate for *Business Ledger* in The Leader is \$10 per month for insertion, and 5 cents a line for subsequent insertion. We will accept a five-line local inserted in the paper, "not to be taken back," says to the bookkeeper. But he forgets all about it. The notice runs for a week, and the bill is \$12.50. When he finds it out there is a shock, and he may be angry, probably by an icy feeling. Now, to do justice to the bookkeeper, for we will be accepted hereafter. They have a definite assurance at the outset, and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call UP THE LEDGER, Telephone 33, and send it in.

We Must Make Room

In anticipation of a big fall trade, and realizing that goods pertaining to our lines will advance, is a great many have already, we bought early and largely. We are already beginning to receive shipments. November will not be long before our great line of Men's Shoes will come in, so you see we are well prepared. If you will look in our windows and see the line of suits we are offering at \$10 you will realize us in making room. All of our men's suits are made of Plaids, Stripes, etc. Suits that we sold at \$18, \$16 50 and \$15, go in this sale.

No house in the state ever did or ever will offer a line of Suits like these for the price,

-\$- \$10.00!

It is the greatest sacrifice sale we ever made, but as our patrons will be benefited, and it secures us room and money, we will be too glad to have our trade take advantage of it. We have no room to quote prices on our more medium grades, but the entire stock will be sold at proportionate prices.

Please bear in mind this:

No Suit will be sent out on approval. No Suit will be charged. Only

-\$- CASH!

Will buy the goods during this sale. Money, however, will be cheerfully returned if goods don't suit upon home examination.

An example of the cheapness of horse flesh, or rather meat flesh, was given on last County Court day, when a male, guaranteed to work, "kind and gentle anywhere you put him," was offered for sale to the highest bidder in Springfield, says the Leader. The animal was, after some spirited bidding, finally sold to Messrs. George Colvin and Theodore Campbell for the sum of 25 cents, cash in hand. The young men think they have a bargain, and say they can at least dispose of him to a veterinary as a "subject," as he is possessed of all the ills and afflictions known to mankind.

DRUGSTORES.

The regular price of paper will be pleased to know that there is at least one drugstore that science has been able to cure in all its states, and that is Cathe's Hall's Catarrh Cure. It is the positive and known remedy for all forms of catarrh. It has been a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting on the body by the absorption of the blood, and thus removing the cause of the disease, and giving the patient strength by building up the constitution and giving the natural power of the body to resist disease.

The result is that the patient enjoys his work. The cure is a safe one, and the cost is reasonable. It is a safe investment in the future.

The proprietors are in much faith in the cure, and believe that it will be a success.

For case that it fails to cure, Send for the

regular service.

HAVE YOUR BABIES

Been Fitted Out With White

Goods for the Season?

We have some beautiful white cotton fabrics especially appropriate for them, and wonderfully cheap. They are "mill ends," running from two to ten yards in length, neat stripes and checks and plaids, both Naismoor and India Linens. They are perfect, but of course less than full prices and worth in the regular way at least a half more than we ask for them. Also a lot of short lengths, one to five yards, White Diaper, at 3 and 4 cents a yard, according to width. A great bargain. Some special values in White Flannels also.

SATURDAY NIGHT SPECIALS

Lisle Thread White Garter Elastic, one inch wide, best quality, regular price 10c, special price 5c. a yard.

Turkish Bath Toilet Soap, three kinds, 1c. a cake.

We unmercifully regret disappointing some of our patrons

occasionally on Saturday night, but the response to our advertisement sometimes overwhelms us. However, we will take every pre-

caution hereafter to have plenty to go around.

FOR SECRET OF THE PEACE.

First District—William N. Howe.

You can't prove by this enterprising Mayville firm that business has not improved and that confidence has not been restored. Mr. DAVID HECHINGER of the Oddfellows Hall Clothing Store informs THE LEDGER that their sales for July, 1897, were 120 per cent larger than they were in 1896.

SECRETARY SHERMAN has been talking again. In his recent visit to New York he astonished the people who had been saying unpleasant things about him by such a vigorous and frank discussion of international topics as has not been heard from any occupant of his position in many years. These unofficial utterances, coupled with that official document recently sent to Ambassador HAR, quite upset the people who were endeavoring to make the country believe that Mr. SHERMAN is not fitted for the chief position in the McKinley cabinet.

The end of uncertainty regarding duties on imports gives greater confidence alike to those who have opposed and those who have favored the change. The great strength in stocks, particularly in those of the Granger list, reflects assurance of heavy crops. The remarkable rise in wheat, notwithstanding that assurance, is based on heavy buying for export and belief that foreign demands will be large. To these must be added another element of confidence scarcely observed a week ago. The heavy increase in receipts of gold, whether from one side of the Alaska border or the other, swells deposits at the Mts and in the banks of this country, and if the yield from new regions answers current expectations, may have an influence akin to that of gold discoveries in California. The one retarding force, the strike of coal miners, has caused closing of a few manufacturing works for want of fuel, but negotiations for settlement are still pushing with hope.—*Dem's* July 24th.

EVERYTHING seems to go wrong with the silver advocates. In the nine months since last election the tide has turned against them both in public opinion and in actual happenings. Prices have advanced despite their assertions that they could not do so without the free and unlimited coinage of silver. Nations which had tested free coinage have gone to the gold standard, enormous increases in the production of gold is reported, our commerce is prosperous, and more money has come into the country for our productions than in any former year, the international bimetallic conference which they assumed could not be brought about is practically assured, the Tariff Bill is a law, and the prosperity which they said could not come without free coinage has begun to make its appearance. It is a blue outlook for people who make calamity their campaign cry.

OPEN LETTERS

How Business is Reviving in All Parts of the Country.

EVERY BRANCH REPRESENTED.

Below is a number of letters from leading commercial centers of our country, giving evidence of the revival of business under the new Administration:

STEWART, Nev., August 2d, 1897.

There is no one idle here. All are employed, and calls for more hands than can be found. We have no manufacturers. Capital is to be used in putting up a large creamery.

J. L. STURDEVANT,
Editor Ledger

TULARE, NEW Mex., Aug. 5th, 1897.

The passing of the Tariff Bill has been the means of instilling new energy into the people here. Cattle, sheep, etc., are all higher in price for years and the fact that the new Tariff shuns Mexican stock out of this country pleases our stock men immensely.

EDITOR TULARE, New Mexico.

FAIRFIELD, ILL., August 8d, 1897.

During the Cleveland Administration the banks here and those in other towns had no money to loan and interest rates were high. Now the banks have a large amount of deposits, plenty of money to loan, and, in fact, money going begging for borrowers.

C. R. DAVIS,
Editor News.

LYNN, IND., August 5th, 1897.

The George Scantland Hoop Works, one of the largest in Eastern Indiana, which has been closed for two years, have resumed operations. The Lynn Planing Mill has greatly increased its force. Merchants in this place report a marked increase in business, and are encouraged.

A. O. HAMILTON,
Editor Tribune.

HUNTINGDON, IND., August 4th, 1897.

All industries here are running on full time and employing their usual number of hands. A new spoke and single-tree factory will be opened in a few days. Plans are being made for a new spoke factory to employ 40 or 50 hands. Mechanics are all busy.

ED. H. DUPADACH,
Editor Independent.

UNION, OREGON, August 6th, 1897.

There is now in course of construction in this little city a woolen mill which will contain at present two sets of machinery. A telephone system branching from this place is now in course of construction, which will cover a district of over 300 miles. A large creamery plant is also about to be built here. There is no doubt that times are improving and prosperity returning.

S. J. DAYN,
Editor Republican.

TIPTON, IND., August 8d, 1897.

There is great activity in the chief lines of business of this particular place and vicinity. A canning factory located here has had an exceptionally good year, more than 600 acres of peashelling an average of 3 tons per acre at \$25 per ton, with 300 laborers in the factory and 1,000 men, women and children peashelling each morning. The charge is open every evening, however, for work.

Wheat is averaging 20 bushels per acre

and selling at satisfactory prices. There are evidences of returning prosperity throughout the county, and labor is steadily employed at overtime wages; in fact, there is not an idle man in the county. Prices for hogs, cattle and sheep are satisfactory. There is plenty of money and a splendid opportunity to earn it.

M. W. PERSLINO,
Editor Advocate.

CELINA, OHIO, August 4th, 1897.

While agricultural communities, and this is one of them, are the last to feel improved conditions, an improvement is already clearly apparent here. The harvest has been plentiful and well taken care of, and now wheat is going into market at an advance of 30 cents over that of last year. The hay crop is the largest ever known. Wool is sold at an average of 4 cents per pound higher than last year, and the spirits of the people are improving.

GILBURN & CHAPMAN,
Editors Observer.

LEWISTOWN, MONT., August 21, 1897.

Evidences of returning prosperity are very plainly visible among our people. Last year wool sold at an average not to exceed 6 cents, while this year it is selling at from 10 to 14 cents and may go higher. Taking 11 cents as an average, this means that in this country alone the farmers will receive \$177,000 more than they received last year for their wool, besides an advance of \$1 per lb. to 75 per head on mature sheep. Railroad agents and conductors report a great increase over their lines. Insurance companies report a better business, and merchants also indicate it to their sales and collections.
